number of countries with respect to the permanent establishment provision in the insurance business highlighting switzerland for comparative purposes in a concluding chapter the author proposes changes to the definition of the dependent agent permanent establishment currently enshrined in the model treaties and their respective commentaries aligning such a definition to the regulatory framework in which insurance companies conduct their business in countries other than that of incorporation as a highly significant and timely contribution to the study of the interplay between insurance regulation and tax implications this very original work will prove of especial value to practitioners in international tax and insurance law as well as professionals in the financial services sector and tax academics

sgn the djs exam pdf delhi judicial service exam law subject practice sets based on various competitive exams covers objective questions with answers

numerous jurisdictions worldwide have augmented their ratification of the new york convention of 1958 with the uncitral model law 1985 uml which takes a giant step forward toward global uniformity in legal application and understanding of the arbitration process this book develops a standard or benchmark for the uml objective of uniformity using the relevant legislation and case law of hong kong singapore and australia to consider whether a uniform approach to implementation of the uml and its interpretation is being achieved across those jurisdictions the author s methodological tools are eminently adaptable to other jurisdictions given the importance of the ability to set aside an arbitral award the body of case law on setting aside and the directly related area of enforcement the emphasis throughout is on article 34 in addition the study considers the meaning of uniformity in law and in the context of the uml the correct approach to interpretation of the uml pre and post article 2a the interpretational relationship between the uml and the convention on contracts for the international sale of goods ciscg the relationship between the uml and the new york convention the

degree of textual uniformity of article 34 with the three jurisdictions focused on and the degree of applied uniformity of article 34 both in terms of juristic methodology and similarity of results the author with more than thirty years of practice in the field of commercial arbitration in hong kong has had access to voluminous cases spanning decades and brings his specialist expertise to the subject this book considers whether the uml has succeeded in its aim of achieving uniformity it serves as a guide both academic and practical to exploring and adopting the correct approach to the interpretation of the uml as well as to the method of classification of court decisions under the uml this study is of immeasurable academic and practical value

this book examines the hard legal core if any of the responsibility to protect r2p concept with regard to the commitment to take collective action through the un security council it addresses the question of whether public international law establishes a duty on the part of the individual security council members to collectively take the necessary action to prevent atrocities genocide crimes against humanity war crimes and ethnic cleansing to this end it offers an interpretation of provisions in multilateral conventions such as the undertaking to prevent genocide in article 1 of the genocide convention and the undertaking to ensure respect for the geneva conventions in common article 1 of the 1949 geneva conventions analyses the un charter framework for security council action and explores whether the recognition of the international responsibility to protect has prompted the emergence of a new norm for general international law

this collection brings together new insights around current translation and interpreting practices in national and supranational settings the book illustrates the importance of further reflection on issues around quality and assessment given the increased development of resources for translators and interpreters the first part of the volume focuses on these issues as embodied in case studies from a range of national and regional contexts including finland switzerland italy

spain and the united states the second part takes a broader perspective to look at best practices and questions of quality through the lens of international bodies and organizations and the shifting roles of translation and interpreting practitioners in working to manage these issues taken together this collection demonstrates the relevance of critically examining processes competences and products in current institutional translation and interpreting settings at the national and supranational levels paving the way for further research and quality assurance strategies in the field the introduction chapter 7 and conclusion of this book are freely available as downloadable open access pdfs at taylorfrancis com under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license
